Dear Sir:

Thank you very much for the autographed copy of the

25X1A5a1

I shall read this in the near future and send you any comments if I think they are of any significance. With reference to the publications, "Do Economists Understand Business" and "Bias Against Business" which you have sent to Mr. Allen Dulles, I am appreciative of your offer to send a copy for my personal retention however, in as much as your supply is undoubtedly limited, it would seem only common courtesy to await an opportunity to examine Mr. Dulles' copy.

Sincerely,
